

Summer Associate

What are We About

At Patina, we believe everyone should have the opportunity to live their best lives and age with dignity. That's why we're reinventing primary care with an approach that's purpose-built for older adults and their families. Our care model is centered around the needs of the individual, and available right where they live, with comprehensive and convenient in-home and virtual care options. We enable our world-class team of clinicians and care team members with elegant, human-centered technology and tools, so they can spend more time doing what they do best: building trusted relationships and delivering great care.

Working at Patina is special. We respect each other, seek out and welcome others' perspectives, and push ourselves to grow and innovate so that we can deliver exceptional experiences to those we serve. We balance humility with confidence, and we're looking for change-makers who bring the heart and audacity to help us **profoundly improve the healthcare and aging experience for older Americans.**

What Makes You Uniquely Suited to Work at Patina

You are someone who has a passion for value based care and takes great pride in the highest quality results. This **Summer Associate** will facilitate cross functional collaboration across a number of Patina's teams to define a payor agnostic value based strategy that supports a single efficient workflow for Patina's clinical team, while also ensuring we are set up to succeed in each of our payor agreements.

Our **Summer Associate** brings experience in working in value based care and an understanding of payor contracting. You are someone who is eager to share ideas, improve them with feedback and from experiences, and team up with co-workers to deliver new and imaginative ways to solve problems.

What You Get To Do

- Support the payer and market implementation by becoming the subject matter expert on understanding payor performance measures around quality, cost and risk adjustment.
- Assess industry best practices for succeeding in value based care
- Document a single view of quality measures across all payors and identify commonalities and differences *
- Assess and summarize payor specific tools and resources *

- Work with key stakeholders in clinical program design, clinical operations, and market to define a single set of multi payor requirements that would support an efficient, streamlined workflow. *
- Work with key stakeholders in data/analytics, market, clinical program design, clinical operations, and product to define an implementation plan roadmap to support a desired end state.*

**Deliverable*

What is Required

- Experience implementation and launching services and products across geographies and healthcare partners.
- Experience working in healthcare
- Ability to thrive in a fast-paced, hybrid location environment with tight feedback loops and continuous delivery

What Would be Great to Have

- Experience working in a startup that's grown from 20->100 employees.
- Experience in value based care
- Ability to work in an ambiguous environment but be execution focused on defining and then realizing the roadmap

What Patina Offers our Summer Associates:

- Amazing, mission-based culture, with a highly talented team of less than 50
- Remote Work
- Hands on experience with direct mentoring and career development
- Compensation in cash and equity in a start-up backed by top tier VCs
- An environment where you can learn, grow your skills, financial wellness, and change the world

Patina is an equal opportunity employer and values diversity. We do not discriminate based on race, religion, color, national origin, gender, sexual orientation, age, marital status, veteran status, or disability status.
