

Primary Care, Nurse Practitioner

The upshot: This is a truly unique opportunity to transform primary care for adults 65+ in a team-based environment that empowers you to create meaningful relationships with patients, and practice with joy.

What are We About:

At Patina, we believe everyone should have the opportunity to live their best lives and age with dignity. That's why we're reinventing primary care with an approach that's purpose-built for adults 65+ and their families. Our care model is centered around the needs of the individual, and available right where they live, with comprehensive and convenient in-home and virtual care options. We enable our world-class team of clinicians and care team members with elegant, human-centered technology and tools, so they can spend more time doing what they do best: building trusted relationships and delivering great care.

Working at Patina is special. We respect each other, seek out and welcome others' perspectives, and push ourselves to grow and innovate so that we can deliver exceptional experiences to those we serve. We balance humility with confidence, and we're looking for change-makers who bring the heart and audacity to help us **profoundly improve the healthcare and aging experience for older Americans.**

What Makes You Uniquely Suited to work at Patina Healthcare

You are ready to make a real difference in the lives of adults 65+ in the Greater Philadelphia area. You are over the moon about having a profound impact on the foundation of Patina's clinical delivery. You are a deeply compassionate clinician with a keen understanding of how to manage the nuances of home-based care delivery for adults 65+. You take pride in being a self-starter and in taking ownership of your patient panel.

You enjoy being in communication with the patients and families to educate them on medication usage, side effects, and general health and wellness. You thrive in a true team environment - working with Patina Health Champions, Nurses, MDs, as well as other Nurse Practitioners to deliver the best care for the patient and his or her family - all in a friendly and respectable way.

You see the gaps in healthcare for adults 65+ and it makes you deeply frustrated. This is the role for someone who has an unbridled passion for revolutionizing healthcare. You want to meet the patient and their caregivers' physical and psychosocial needs, with support of a world class interdisciplinary team consisting of primary care providers, nurses, behavioral health providers, clinical pharmacists, and other health professionals as appropriate.

What you Get to Do:

- You will provide best in class primary care, informed by geriatric principles and rooted in respect for patients and their family's unique ability to lead their own care.
- You will help lead the patient care for a panel of adults 65+, collaborating with a Physician, Health Champion, and Behavioral Health Specialist in order to provide high-quality, patient-centered, team-based care.
- You will primarily conduct virtual visits with the assistance of Patina Primary Care Physician, and on occasion conduct home-based visits.
- You will conduct follow-up visits virtually with the patients and their caregivers utilizing Patina's patient applications.
- You will gather patient histories; conduct physical exams; diagnose common geriatric conditions; and develop and implement treatment plans given the patient's goals of care and current condition.
- You will participate in a rotation of phone-based on-call coverage for after-hours support of Patina patients.
- You will work with a unique Electronic Medical Record (EMR) and separate care team application to efficiently and thoroughly document diagnoses, create proactive longitudinal care plans, and coordinate with your team.
- You will participate in daily team huddles and weekly interdisciplinary rounds to seamlessly collaborate on care for Patina patients.
- You will be a clinical leader and share creative approaches with Clinical Leaders
- You will be an expert practitioner in clinical practice including whole-person primary care, integrating core geriatric principles, assertive comanagement of specialty, acute and post-acute care, shared decision making, etc.
- You will aid in developing, implementing, and coordinating a system of patient care delivery that encourages communication, teamwork, positive outcomes, high quality care, patient satisfaction, and proper application of resources in order to inspire each Senior to take charge of their life and health.
